VOL. #11 ISSUE #10

Editorial

Missoula 2011

Our Missoula trip was once again a remarkable journey, both from the perspective of the amazing training experience we enjoyed, and even more as an exercise in community building. We set a new attendance record, with fourteen of us on the mats; our "Tonne o' Fun" shirts continue to be a big hit; we even received a round of applause when we walked into the potluck supper!

Another highlight of the Seminar was Saotome Sensei calling on our own Marcel, on several occasions, to show the "ineffectiveness" of weak technique on a person who is at least "a little" larger than you are! Rounds of laughter echoed through the Dojo, as we watched Sensei "climb the mountain" that is Marcel.

On behalf of Sensei Brad, my thanks and appreciation to those members and families who made time to attend this event. It will elevate our personal training, and by doing so will improve the caliber of the training for every member of our Aikido Community.

September was an especially busy month for our Aikido and T'ai Chi community. We once again hosted the joint Aikido Seminar with Northern Alberta Aikikai, welcoming Cyndy Hayashi Sensei to our Mats for what was another excellent seminar. This has become an annual event, and we look forward to Hayashi Sensei's return in September of 2012. Our other major Aikido event was the annual pilgrimage to Missoula to study with Saotome Shihan, which was another great success.

On the T'ai Chi side, our Fall beginner class has begun; please bear in mind that anyone interested in trying this excellent wellness program may do so at any time until mid-October, and let your friends and family know that they will enjoy a two week trial at no cost!

Our martial community continues to thrive, and certainly adds value to each of our lives. This is something we must all treasure, and nurture, in turn. I look forward to my own personal return to the mats!

“We must cultivate and rebuild the ki of our spirit. Aiki is weaving the fabric of the universe in our body. It is to absorb in our body and entwine our self together in harmony with the framework of the universe. Furthermore, it is to connect the self with the hearts of the people of the world and foster goodwill and unity. From now on it goes without saying that we must refrain from war. We must not participate in fighting or warfare. Everything is to be done through harmonious connection. If we fail in doing so, true strength will not manifest. Failing to do so will make your practice in vain.”

Fall Course Schedule

Eight Pieces of Brocade Chi Gong
Sunday, October 16th 2011, 2:00 to 5:00 PM

This is an ancient form of movement Chi Gong consisting of eight gentle exercises. Easy to learn and fun to do, it takes only ten minutes to complete the set. It will stimulate the major acupuncture meridians, which will restore a strong flow of qi or energy. Tremendous for dissolving stress, it also increases muscular strength, improves balance, and enhances flexibility.

Sunday, November 6th 2011, 2:00 to 5:00 PM

In our modern age, stress is the greatest threat to our health and well being. This easy and enjoyable program will teach you how to effectively reduce the negative effects of the stresses of our daily lives.

Sitting 8 Pieces of Brocade Chi Gong
Sunday, November 27th 2011, 2:00 to 5:00 PM

This is a gentle set of eight easy to learn movements, different from the standing set, which will build good health, mental clarity, and increased flow of energy throughout the body. It is very meditative and internally focused; a great way to energize at the start of your day, or to wind down at the end of it.

O' Sensei's Wisdom

“All things, material and spiritual, originate from one source and are related as if they were one family. The past, present, and future are all contained in the life force. The universe emerged and developed from one source, and we evolved through the optimal process of unification and harmonization.”
